**WORLD CAR OF
THE YEAR 2018**

A Solid Performer with Charismatic Flair

GOING ALL OUT TO LEAD THE SEGMENT

The Rexton is now safer, stronger, more stylish and spacious than ever. With outstanding driving dynamics, equipment levels & technology have reached new heights of sophistication for your convenience, enjoyment and protection.

REXTON

REXTON

High-intensity-discharge headlamps for better night vision; LED daytime running lights, positioning lamps and directional indicators grouped in the upper lamp housing for simplicity and elegance

Side repeater and puddle lamp mounted on the back of the outside mirror

LED cornering light function combined with fog lamp

Muscular SUV with Majestic Curves

RETAINING THE SUV LEGACY WHILE CREATING A UNIQUE STYLE

The Rexton's shoulder-wing design of the radiator grille and rugged frontal treatment project the classic SUV look, while the dynamic character side body lines add stately beauty. The bold yet sophisticated feel is underscored by the chrome outlined front bumper; the black, high-gloss skid-plate; and the side repeater and puddle lamps built onto the mirror housings.

Dynamic Yet Simple

DISPLAYING A DISTINCTIVE LOOK IN THE BACK

The spoiler with high-mounted auxiliary stop light highlights the Rexton's sportiness while improving safety, and the horizontally mounted combination lamps linked by a horizontal chrome moulding project width and a more imposing refined image from behind. The license plate illuminated by LED lights and the clean-sill doors provide the perfect finishing touches to the exterior.

LED rear combination lamps

Rear license plate softly illuminated by
LED lights

Clean-sill door

REXTON

Sumptuously Refined yet Cozy

USING QUALITY MATERIALS THAT SET THE CABIN APART

Ergonomically designed seats conform to the shape of each body providing optimum comfort, ensuring all occupants arrive feeling fresh & relaxed after a long journey. Soft Nappa leather or high quality leatherette (depending on model) completes the luxurious cabin treatment. The interior ambience is further enhanced by the illuminated front door scuff (SPR only), and mood lighting built into the dash panel and door trim to create a subtle ambient light at night (SPR only).

The interior package is available in three colour schemes:

- Black TPU with Beige Headlining (Sport only)
- Black Nappa Leather with Black Headlining (SPR only)
- Ivory Nappa Leather with Beige Headlining (SPR only)

Black seats with black headlining (SPR only)

A pleasure to drive and ride in

PROVIDING A SOPHISTICATED ENVIRONMENT INSIDE

The large Supervision instrument cluster is a superb 7 inch TFT-LCD screen. Supported by the latest technologies, this instrument cluster provides the driver with quick and easy access to vehicle functions and information.

Offering a rich entertainment experience, Rexton's infotainment system comes with a large (9.2") high-definition touchscreen, which supports Apple CarPlay and Google Android Auto. System features also include radio and MP3 player functions, HD digital media player, real-time broadcast recording, and USB, SD and aux ports.

Electronic parking brake with
auto-hold function

SUPER-VISION CLUSTER (SPR only)

7" colour TFT-LCD display

TRIPLE-MODE DIGITAL SPEEDOMETER DISPLAY

Regular mode

Animation mode

RPM-linked mode

TRIP COMPUTER DISPLAY

Turn signal sound selection

Lane departure warning system

Smart power tailgate

APPLE CARPLAY AND GOOGLE ANDROID AUTO

Users may connect their smart phone to the display to make phone calls, check messages and listen to music while on the road.

Spacious and Flexible

OFFERING COMFORT AND ROOMINESS TO DRIVER AND PASSENGERS ALIKE

Both seats in the first row are ventilated (SPR only), while the seats in both the first and second rows are heated (SPR only). Up to three different drivers can input their preferred settings for the driver's seat and mirror positions, and both seats in front are power-adjustable (SPR only). Legroom in the second row is outstanding, thanks to an optimized spatial design of the interior, and the second-row seats may be double-folded to maximize cargo-carrying capacity.

SEATING CONFIGURATIONS FOR 5-SEATS (WITH 3RD ROW FOLDED DOWN)

2nd row 40% flat (1,376L)

2nd row 60% flat (1,652L)

2nd row 100% flat (1,977L)

7 seater

FOLDING SEATS TO CARRY EXTRA-LONG ITEMS

The second-row seat may also be double-folded to allow easy access to the third row.

SEATING CONFIGURATIONS FOR 7-SEATS

3rd row flat, 2nd row 40% flat (1,201L)

3rd row flat, 2nd row 60% flat (1,477L)

3rd row folded 50%, 2nd row folded flat 40% (777L)

3rd row folded 50%, 2nd row folded flat 60% (1,029L)

3rd row flat, 2nd row 100% flat (1,806L)

REXTON

SMART POWER TAILGATE (SPR only)

- Heavy tailgate opens and closes easily
- Simple switch control

Easy to Load and Unload

HAULING MORE WITHOUT SACRIFICING PASSENGER SPACE

Rexton can fit four golf bags widthwise in the cargo bay, thereby leaving the 2nd-row seats free for passengers to use.

On SPR models the driver with arms full may open the tailgate without putting the items down. Simply keep the smart key in a pocket and stand near the back of the vehicle for just three seconds and the tailgate will pop open automatically.

2nd row folded flat 100%

Normal seating with luggage board raised

REXTON

Safer and Easier to Operate

EMPLOYING ELECTRONICS TO ANTICIPATE AND AVOID ACCIDENTS

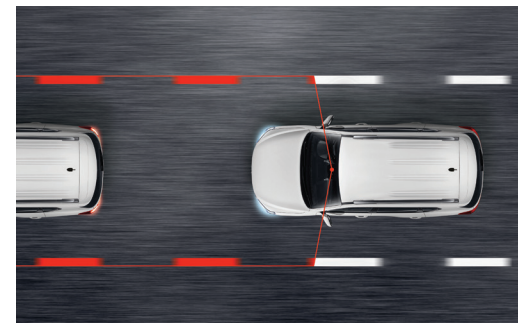

The Rexton SPR takes advantage of the latest electronic active safety systems to minimise the risks associated with modern motoring.

THE LATEST TECHNOLOGICAL SOLUTIONS

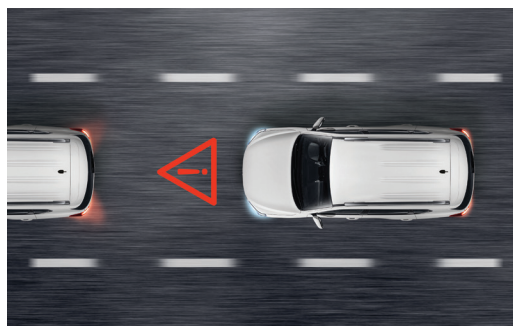

AUTONOMOUS EMERGENCY BRAKING (AEB)
(SPR only)

Helps avoid or mitigate collision effects by detecting moving or stalled vehicles and warning the driver in advance.

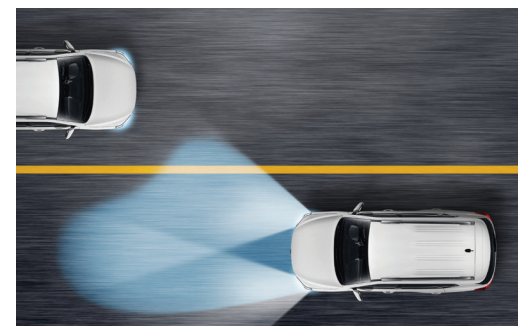

LANE DEPARTURE WARNING (LDW) (SPR only)

Warns the driver whenever the vehicle begins to move out of its lane unless the directional indicators are on in that direction.

FORWARD COLLISION WARNING (FCW) (SPR only)

Alerts the driver when another vehicle or pedestrian appears in the path of the vehicle.

HIGH BEAM ASSIST (HBA) (SPR only)

Automatically lowers the high beams when an approaching vehicle is detected, making night-driving easier.

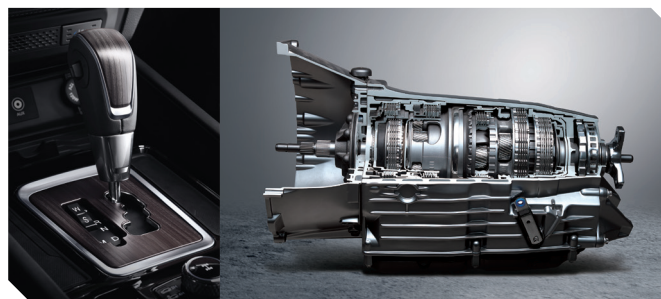

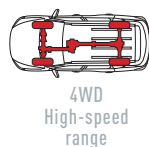

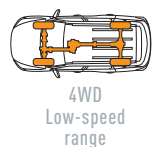

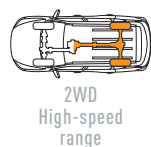

Smooth and Powerful

MAINTAINING SUV AUTHENTICITY WITH 4WD AVAILABILITY

The Rexton is powered by a powerful 2.2L diesel engine. Normally the vehicle runs in rear-wheel drive, which enhances handling stability by optimising weight distribution, but the driver is free to select one of two four-wheel drive modes as needed. The Rexton can tow loads of up to 3.5 tons, the highest for this class of SUV. Also available is our Rexton Petrol model with a smooth 2.0L petrol engine and 2WD only. With a 3.0 ton tow capacity, this is also a great choice to have.

PART-TIME 4WD (DIESEL ONLY)

Part-time four-wheel drive allows the driver to choose when to activate the system, depending upon changing conditions on or off the road. Operation safety and efficiency are thus superior to what by the full-time 4WD system provides.

E-Tronic 7-speed automatic transmission (Diesel only)
6-speed automatic transmission (Petrol only)

Diesel Engine Model e-XDi220

Max. Power
133.1 kW/4,000 rpm

Max. Torque
420 Nm/1,600 ~ 2,600 rpm

Displacement
2,157 cc

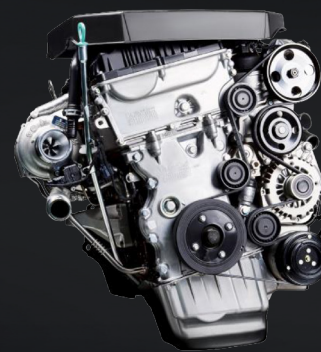

Petrol Engine Model e-XGDi 200T

Max. Power
225 kW/5,500 rpm

Max. Torque
350 Nm/1,500 ~ 4,500 rpm

Displacement
1,998 cc

REXTON

APPLYING THE MOST ADVANCED AUTOMOTIVE
HIGH-STRENGTH STEEL

High-density, high-tensile-strength steel plate makes up 81.7% of all the steel plate used in the Rexton's body, providing superb rigidity and protection against deformation in a collision. As such, the safety of the cabin structure has been maximised.

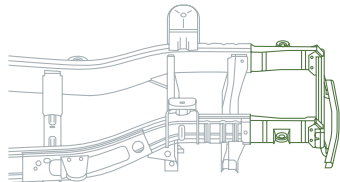

REXTON

Solid and Dependable

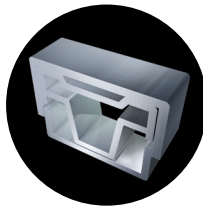

KEEPING BOTH NOISE AND ENERGY OUTSIDE THE CABIN

The Rexton's body is mounted on the new-concept 'Quad Frame,' which blocks most of the noise from the road surface and engine. The frame has been engineered specifically to minimise the possibility of injury to vehicular occupants in a collision. The body has been reinforced as well with stronger materials and expanded section sizes. In addition, the Rexton now has eight body mounts, the most in its class, improving ride quality and steering stability.

CRUMPLE ZONE

The 'crumple zone' refers to that part of frame that conveys the most shock from a frontal collision to the inside of the cabin. This 'zone' is designed to absorb that force, thereby protecting the people inside.

QUAD FRAME

The frame members feature a quadruple-layered structure that exceeds the global standard for lateral collision safety.

REXTON

More Protection than Ever

IMPROVING THE SAFETY OF ALL OCCUPANTS

The Rexton comes equipped with nine airbags, including a driver knee-airbag and second-row side airbags. The steering wheel and steering column are specially designed to absorb the force of a collision, minimising the effect on the driver's chest area, and active head restraints move forward in the event of a collision to close the gap between the occupant and the headrest to prevent whiplash.

Emergency Stop Signal (ESS)

Hill Descent Control (HDC)

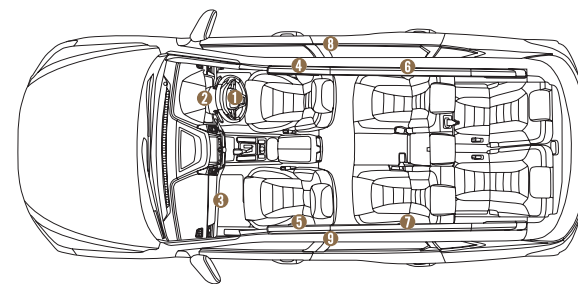

Hill Start Assist (HSA)

Electronic Stability Programme (ESP) & Anti-Rollover Protection (ARP) & Brake Assist System (BAS)

9 AIRBAGS

- 1 Driver's airbag
- 2 Driver's knee protection airbag
- 3 Passenger's airbag
- 4, 5 Driver's & passenger's side airbags
- 6, 7 Rear seat side airbags
- 8, 9 Curtain airbags

REXTON

A Standout SUV

BUILDING A PROUD LEGACY

The Rexton is a better choice, everywhere you look. The frame body is unrivalled in strength and the interior is luxurious and roomy. Towing capacity is great, while the many driving assist systems and suspension system are designed to ensure the safest and smoothest ride possible. And the list just keeps going. This is an SUV you would be truly proud to own.

The Rexton is also proud to be a Nominee in the prestigious World Car of the Year.

Exterior Style

Remote-controlled windows with smart key

Automatic closing system

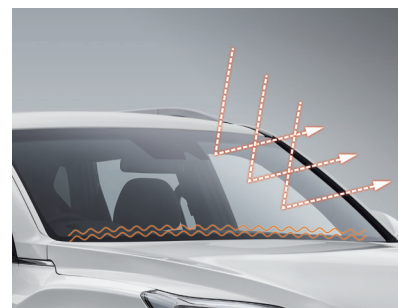

Headlamp escort function

Welcome system

Outside door handle lamps

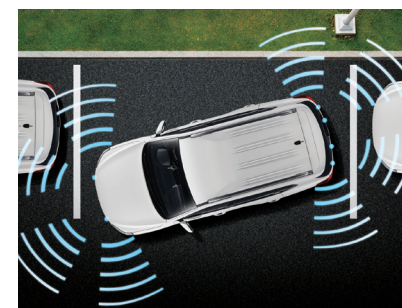

Tinted, noise-control glass and wiper deicer

Fashionable roof rails

Safety powered window

Parking assist system

Convenience

Cluster with 3.5" trip computer (Sport only)

Remote control switches and cruise control system on the steering wheel

Tilt and telescopic steering wheel system

Standard 9.2" smart audio system

Headlamp control and automatic washer switches

Memory profile system for driver (SPR only)

Easy access mode (SPR shown)

Dual-zone fully automatic air-conditioner; 3rd row air conditioner (SPR only)

Heated front and rear seats (SPR only)

Ventilated and powered front seats (SPR only)

Integrated switch module (SPR shown)

Smart key and Push Button Start

Convenience

Inside door handle lamps (SPR only)

Ambient lighting on the door (SPR only)
